Overview

Dominus Estate is the Napa Valley property of Bordeaux producer Christian Moueix. The wine is bottled from the historic Napanook Vineyard. Located at the foothills of the Mayacamas, the vineyard was planted in 1838 and continues to evolve under the stewardship of Christian Moueix. The estate's Bordeaux varietals benefit from the Yountville microclimate where temperatures are moderated by cool breezes from the San Pablo Bay. The resulting wine is a uniquely refined expression of this special terroir.

Winemaking

Enjoying a temperate climate, the vineyard's volcanic, well draining soils are specifically suited to growing Cabernet Sauvignon and the other Bordeaux varietals which compose the Dominus Estate wines. The soil is gravelly and clay loam. Meticulous efforts are made throughout the seasons to produce grapes of the highest quality for Dominus Estate wines.

During the winter season, precise cane pruning ensures ideal cluster spacing for optimal fruit ripening. Dry farming relies on a deep root system to take advantage of natural water sources from rain and underground supplies. Cluster thinning optimizes quality through yield regulation.

Rinsing the grapes 10 to 15 days before harvest removes dust and enhances the purity of the fruit. The sunny side of the vines is picked a few days before the shady side respecting perfect maturity.

Minimal intervention and restraint throughout the process of grape berry selection, fermentation and aging preserve the character of the fruit. The resulting wines convey the very personality of the vineyard. Dominus winemaking includes separate lot-by-lot fermentation. Cluster sorting by hand is complemented by an optical berry sorting system. Gentle pumping-over extracts aromas, color and tannins. Vertical wine press at low pressure delicately releases components from the skin. Racking barrel to barrel in 100% french oak removes sediment and assures clarification of the wine during aging.

Tasting Notes

Dominus 2017 is filled with incense, blonde tobacco, blue plum, and rose petal. Sculpted, refined and very well balanced, its finish is long and polished.

Harvest Notes

A very wet winter and spring, seasonal rainfall was twice the historical average. With soil water reserves full and warm temperatures in May and June, vines grew quickly and luxuriantly. Several significant heat waves were recorded in June, July, August, and September with a record-breaking 112F on September 1st. Ripening was fast and homogenous. The severe heat wave before harvest induced significant crop loss. To maintain quality, fruit selection was critical and resulted in one of our smallest vintages to date.

TECHNICAL INFORMATION

Varietals: 88% Cabernet Sauvignon, 7% Cabernet Franc, 5 % Petit Verdot

New Oak: 40%

Cases Produced: 2800 – 9 Litre cases
