Overview

Dominus Estate is the Napa Valley property of Bordeaux producer Christian Moueix. The wine is bottled from the historic Napanook Vineyard. Located at the foothills of the Mayacamas, the vineyard was planted in 1838 and continues to evolve under the stewardship of Christian Moueix. The estate's Bordeaux varietals benefit from the Yountville microclimate where temperatures are moderated by cool breezes from the San Pablo Bay. The resulting wine is a uniquely refined expression of this special terroir.

Winemaking

Enjoying a temperate climate, the vineyard's volcanic, well draining soils are specifically suited to growing Cabernet Sauvignon and the other Bordeaux varietals which compose the Dominus Estate wines. The soil is gravelly and clay loam. Meticulous efforts are made throughout the seasons to produce grapes of the highest quality for Dominus Estate wines.

During the winter season, precise cane pruning ensures ideal cluster spacing for optimal fruit ripening. Dry farming relies on a deep root system to take advantage of natural water sources from rain and underground supplies. Cluster thinning optimizes quality through yield regulation.

Rinsing the grapes 10 to 15 days before harvest removes dust and enhances the purity of the fruit. The sunny side of the vines is picked a few days before the shady side respecting perfect maturity.

Minimal intervention and restraint throughout the process of grape berry selection, fermentation and aging preserve the character of the fruit. The resulting wines convey the very personality of the vineyard. Dominus winemaking includes separate lot-by-lot fermentation. Cluster sorting by hand is complemented by an optical berry sorting system. Gentle pumping-over extracts aromas, color and tannins. Vertical wine press at low pressure delicately releases components from the skin. Racking barrel to barrel in 100% french oak removes sediment and assures clarification of the wine during aging.

Tasting Notes

Perfectly balanced, Dominus 2018 maintains focus on the palate with aromas of sweet blue fruit, jasmine, cardamom, layers of plum and caramel. The wine finishes very long with lift and acceleration.

Harvest Notes

At Dominus Estate, the 2018 season started late and harvest from October 1-15 was 12 days later than our historical average. Seasonal rainfall was light (22" versus 31" annual average) and the beginning of summer remained consistently warm. In late summer, temperatures dropped below norms with morning fog in August and September. The fruit ripened slowly in the absence of heat spikes and harvest began with Cabernet Franc on October 1. A storm system which brought 1.2" of rain on October 2 and 3 interrupted picking. Hot and very dry weather returned on October 5 and harvest continued with Cabernet Sauvignon on October 9, followed by Petit Verdot. We picked 94% of our fruit between October 9 – 15. The grapes were full and ripe and the resulting wines are deep, complex and well-articulated.

TECHNICAL INFORMATION

Varietals: 89% Cabernet Sauvignon, 6% Cabernet Franc, 5% Petit Verdot
New Oak: 40%
Cases Produced: 4000 – 9 Litre cases
